DEPARTMENT OF HIGHER EDUCATION & WORKFORCE DEVELOPMENT

ORGANIZATIONAL INFORMATION: DEPARTMENT DUTIES

The CBHE (CBHE) and its administrative arm, the Missouri Department of Higher Education & Workforce Development (MDHEWD), have a varied portfolio of duties. The following provides a high-level summary of those duties.

Planning is one of the department's core functions. It is responsible for developing and overseeing implementation of a coordinated plan for higher education for the state and its subregions (§173.020(4)), identifying the state's higher education and workforce needs (§173.020(2)), and delineating each institution's areas of competence (§173.005.2(9)). The department reviews each public college's and university's mission periodically and has authority to approve applications from institutions seeking to establish a statewide mission (§173.030(8)). The department collects data to use in its decision-making processes and makes those data available in the Statistical Summary of Missouri Higher Education published on the MDHEWD website.

Academic program approval and review are closely linked to the department's planning function. The department reviews new degree program proposals offered by public colleges and universities (§173.005.2(1)) and has authority to make recommendations to institutions' governing boards regarding the development, consolidation, or elimination of programs, degree offerings, and facilities (§173.030(2)).

The department is also tasked with fostering **institutional relationships** that serve the state's higher education needs. Specific responsibilities in this area include encouraging the development of cooperative agreements for the offering of graduate degrees, as well as_ developing arrangements for more effective and economical specialization among institutions, and for more effective coordination and mutual support among institutions in the use of facilities, faculty, and other resources (§173.020(3)).

The department coordinates public colleges' and universities' core operating and capital projects **budget requests** by establishing guidelines for public universities' requests (§173.005.2(3)), approving a community college funding model (§163.191.1), and submitting a unified budget request for community colleges (§163.191.1). Requests for operating appropriations are made based on the performance funding model the department adopted in 2012 (§173.1006.1).

The department also develops budget requests for and oversees the state's **student financial aid** programs, the largest of which are Access Missouri (§173.1103.1); the Higher Education Academic Scholarship Program, commonly known as "Bright Flight" (§173.250.3); the A+ Scholarship Program (assigned to the department by Executive Order 10-16), and the Fast Track Workforce Incentive Grant (§173.2553 & 173.2445);

The department is required to collect information from each public institution of higher education in Missouri about the **percentage change in tuition** for each academic year. The department uses this information to calculate an average tuition cost for attending a public institution in Missouri. (§173.1003).

Proprietary school certification is another of the department's important responsibilities, focusing on consumer protection. The department certifies and oversees *for-profit* proprietary schools and some *not-for-profit* proprietary schools (§173.604.1 & 173.616.1)

The department offers resources that help students plan for and complete postsecondary programs. The department's Journey to College programs support high school students as they apply for college admission and financial aid, and celebrate students' choices about attending college and participating in military service.

The department has a long history of working with colleges and universities to develop guidelines that promote transfer between institutions; a statewide library of core courses that transfer from one institution to another; and a policy fostering "reverse transfer," which allows a student who transfers from a community college before earning enough credits to receive an associate degree to be awarded an associate degree when he or she earns the remaining needed credits at the university to which they have transferred (§ 173.005.2(8)).

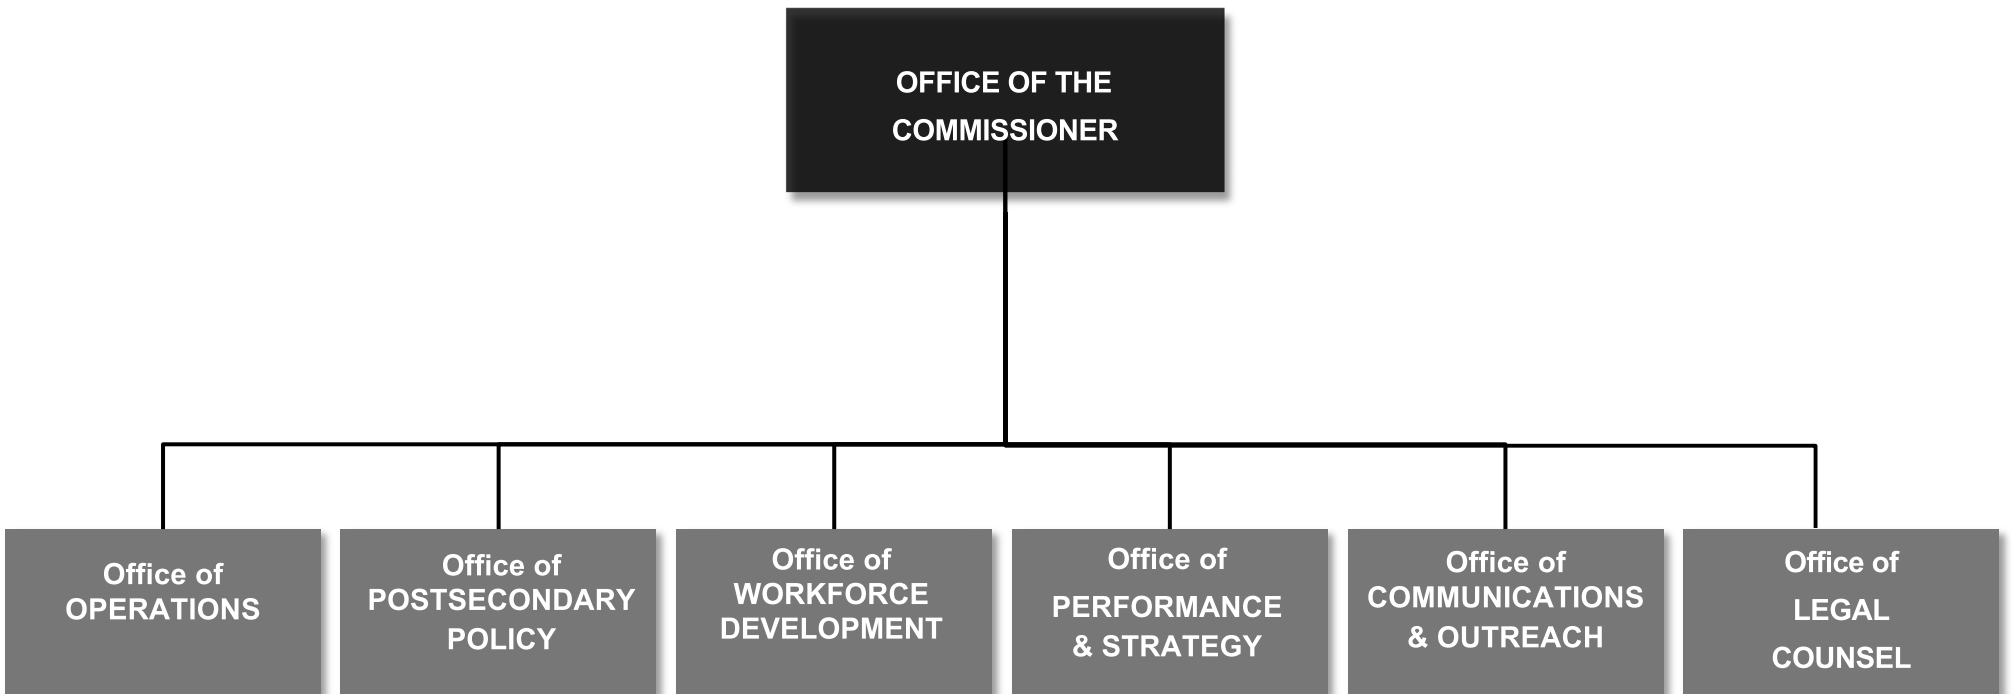

Senate Bill 997, a higher education omnibus bill that became law on August 28, 2016, gave the department significant additional responsibilities, many of which strengthen the department's role in promoting transfer. The department is tasked with working with an advisory committee – the majority of which must be faculty members – to develop a core curriculum that is guaranteed to transfer to another institution and a common course numbering equivalency matrix (§ 178.780 2 (10)). These provisions essentially make mandatory practices that have been voluntary in the past. The law also requires the department to evaluate and maintain data on each institution's transfer practices (§178.788.1) and to resolve disputes about transfer (§ 178.788.2).

Senate Bill 997 requires the department to develop programs designed to promote on time completion, including "15 to Finish" (§ 173.2510) and guided pathways (§ 173.2515); to establish pilot program for "concurrent enrollment," which allows community college students to enroll in a public university,

take select university classes, and use the university's facilities (§ 173.2520); and to create a website that provides information about academic programs available at each institution, financial aid, and transfer of course credit (§ 173.035).

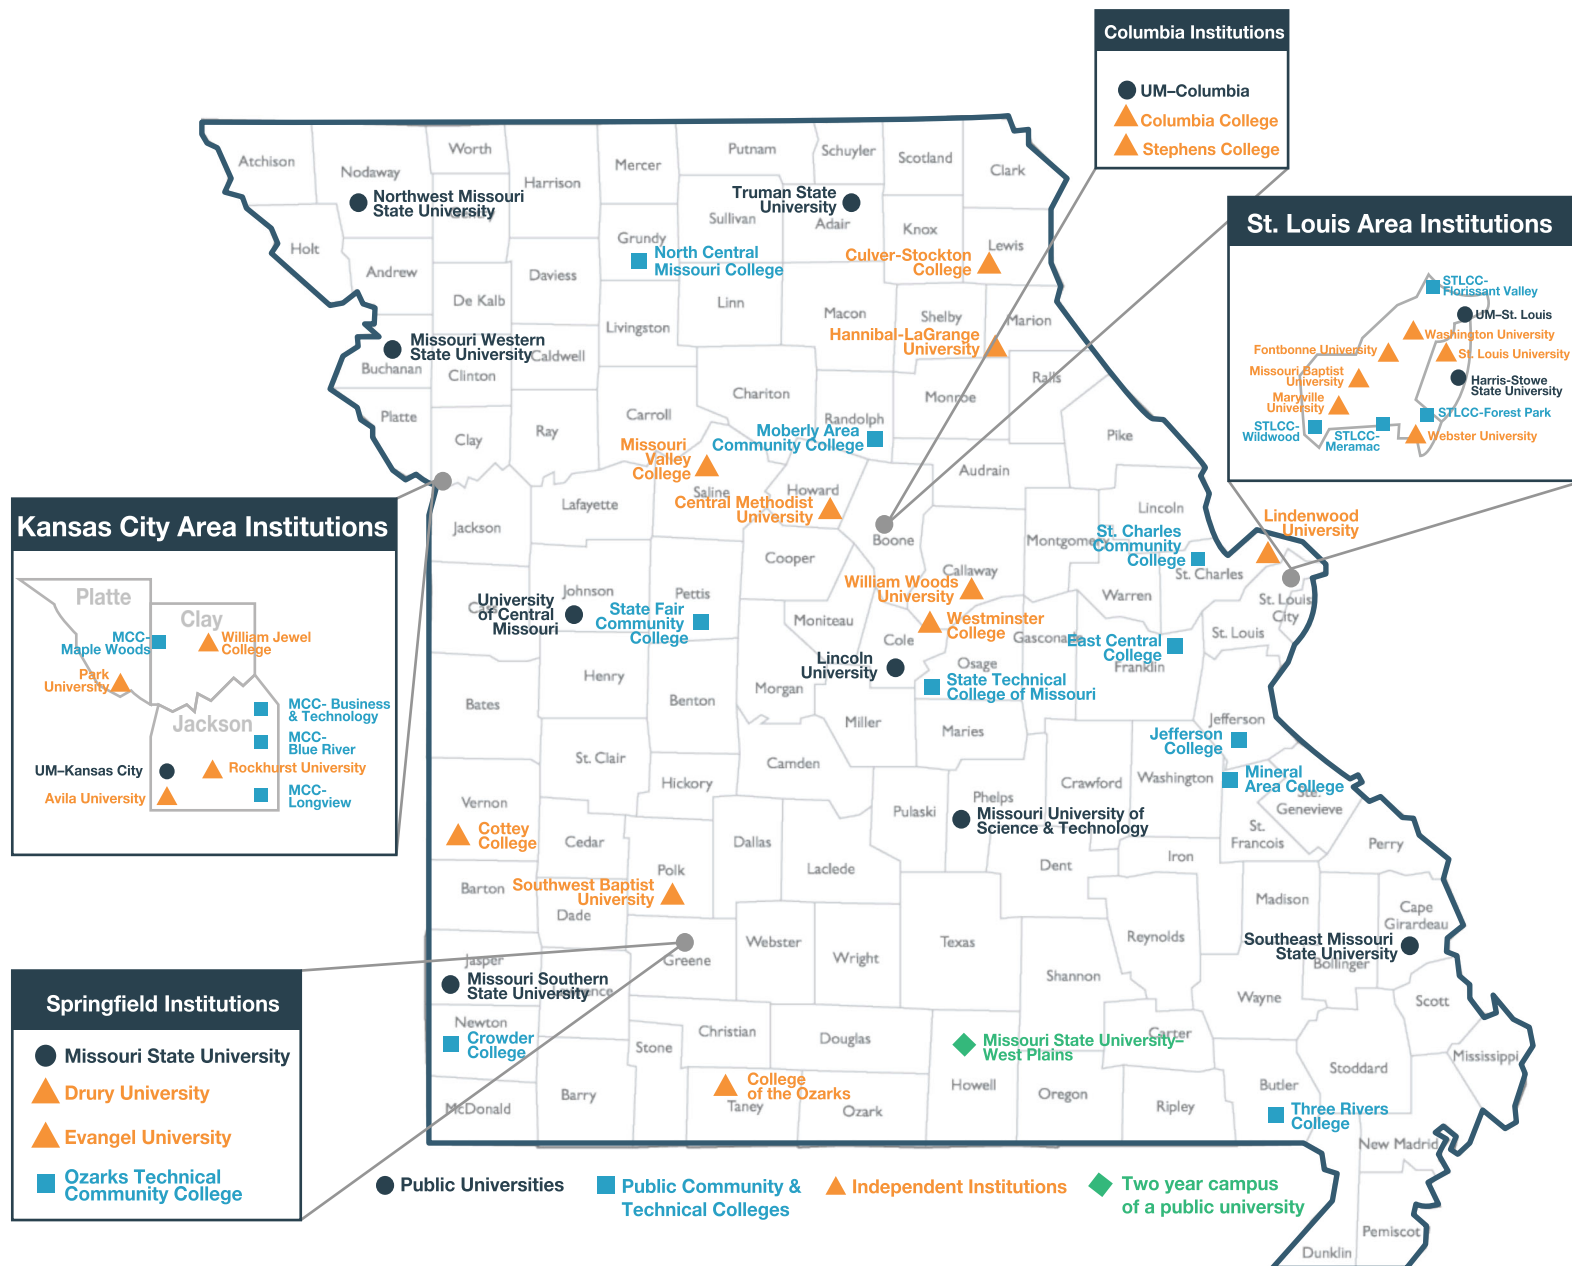

On August 28, 2019 the Missouri Department of Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center transformed to become one department. The transformation is a result of Executive Order 19–03 signed January 17, 2019 by Governor Mike Parson to realign Missouri's workforce development systems through a major restructuring of state government. In addition to the restructuring, the department name changed as a result of Executive Order 19–15. Signed August 28, 2019 by Governor Mike Parson to better reflect the full scope of the new department.

2. CORE DESCRIPTION

In August 2019, the Department Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center merged, forming the Department of Higher Education and Workforce Development. DHEWD strives to empower every Missourian with the skills and education needed for success. The department achieves that vision by identifying higher education and labor force needs; research and analysis of labor market trends; wage analysis and studies of the state's targeted industries and economic development initiatives; working collaboratively with the Department of Elementary and Secondary Education as well as the Department of Economic Development; and encouraging more effective mutual support and coordination among institutions. The Coordinating Board for Higher Education (CBHE) which provides policy direction to DHEWD, was authorized by an amendment to the Missouri Constitution in 1972 and established by statute in the Omnibus State Reorganization Act of 1974.

The CBHE is authorized by Section 173.005.2 (12), RSMo, to charge and collect fees from out-of-state public institutions to cover costs of reviewing and ensuring the quality of programs offered by such institutions. DHEWD Out-of-State Program Fund helps provide the resources needed to support the out-of-state approval process, which is shown in a separate program description that follows the one for Coordination Administration. The fees are received from out-of-state public institutions seeking authorization to provide education to Missouri residents. The core request will provide the resources needed to support the out-of-state process.

FY 2024 One-Time Funding of \$6,537 Expense and Equipment have been removed from the FY 2025 Core Request.

Core - Coordination Administration

The Quality Improvement Revolving Fund allows for the collection of revenue on a cost-recovery basis from workshops and conferences provided by DHEWD to be used to support future workshops and conferences. A core request of \$75,000 will allow for the continuation of this fund and support it provides to the department.

The core appropriation provides operating funding that is part of the department-wide federally approved cost allocation plan. This appropriation helps to provide oversight, direction and administrative support services including fiscal, budget, office services, and facilities for the six offices within DHEWD: Office of the Commissioner, Office of Communications and Outreach, Office of Postsecondary Policy, Office of Operations, Office of Performance and Strategy, Office of General Counsel, and Office of Workforce Development. The federal share, which is described in later items, is part of the grants authority provided through the Office of Workforce Development.

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program is responsible for a variety of administrative functions such as reviewing institutional missions and academic programs, coordinating major statewide initiatives, making budget recommendations, coordinating transfer and articulation, and conducting research and policy analysis. Strategic priorities are focused on helping Missouri reach its educational attainment and workforce goals.

2a. Provide an activity measure(s) for the program.

As part of educational attainment goals, DHEWD seeks to increase the number of Missouri students filing the Free Application for Federal Student Aid (FAFSA), which is the first step to qualifying for most forms of federal and state financial aid, including Access Missouri and A+. DHEWD offers FAFSA Frenzy events across the state at many high schools, colleges, and community organizations to assist students and their families in completing the FAFSA. DHEWD also offers a FAFSA completion tool that gives local school districts the information they need to assist in increasing FAFSA completion rates. In the national FAFSA filing rankings for 2022-23 high school seniors, Missouri is 31st. Missouri is ranked 24th in percent change for completions.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

HB 1042 directed the CBHE to require public colleges and universities "to replicate best practices in remedial education." One of the best practices identified is developing alternative ways of delivering remedial education, such as the Corequisite Remediation Initiative. DHEWD's Corequisite Remediation Initiative in Missouri strives to increase college access and completion for underprepared students by placing them immediately in college-level coursework with additional academic support, rather than the multiple levels of traditional, non-credit remedial courses.

Remediation Rate

The Corequisite Remediation Initiative aims to increase gateway course completion within a student's first two years of college by enrolling entering students into college-level math and English courses. Corequisite remediation provides those who need additional help with a concurrent course or lab that offers academic support. This reduces the time to degree completion and thus also reduces costs to students.

Gateway Course Completion (Math and English Within Two Years of First-Time Enrollment)*

* Incoming first-time full-time students (including transfers) who completed both gateway courses within two years of initial enrollment.

PROGRAM DESCRIPTION**Department of Higher Education and Workforce Development****HB Section(s):** 3.005**Program Name: Coordination Administration****Program is found in the following core budget(s): Coordination Administration****2b. Provide a measure(s) of the program's quality.**

The CBHE, in addition to its responsibility for the approval of new academic programs and program changes at public colleges and universities, is also charged with reviewing existing programs. The Department works with institutions to review programs that were provisionally approved to determine if the program is meeting the following criteria: contribution to institutional mission, addressing statewide needs, expenditures, productivity, and qualified graduates. Department staff update the CBHE on the actions taken on provisionally approved programs. The following data indicates the result of the provisional review for FY2023.

Program Status			Number	Percentage
	Operating Under Provisional Approval		28	100%
Action Taken on Provisionally Approved Programs				
	Granted Full Approval		11	39%
	Retained on Provisional Status for Two years		16	57%
	Inactivated or Deleted by the Institution		1	4%

Programs retaining their provisional status have two years to meet the criteria for full approval. Institutions have established program review cycles, during which they evaluate all existing program offerings based on CBHE guidelines and additional institutional criteria.

2d. Provide a measure(s) of the program's efficiency.

One purpose of academic program review is to improve higher education efficiency in the delivery of academic programs to students in Missouri. To operationalize that purpose, the department developed a streamlined process for the review and approval of academic programs submitted by institutions. The prior structure for review of submitted programs required 35 days, with approvals for new programs and program changes being granted once every 4-5 months, to coincide with the CBHE meetings. This process often required more than 120 days. This new process reduced the timeline for review and approval of programs and program changes to 31 days so that institutions have the flexibility to meet workforce and student needs while also maintaining fidelity to their core missions. The new process involves a three-tiered framework - staff review (minor program changes), routine review (new programs meeting specific criteria for expedited review), and comprehensive review (unusually complex submissions meeting specific criteria that place the proposal outside of routine review and requiring a longer, more intense review).

Cycle time measures the level of efficiency in processing new program and program change requests at the staff and routine levels of review. For all requests at the staff and routine levels received by the first of the month, DHEWD staff will typically process, review, and report decisions back to the institutions by the end of that same month. Programs reviewed at the comprehensive level are not included in this cycle time due to the complexity of the review process. Base target = 31 days; stretch target = 31 days.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Out-of-State Program Approval

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program allows the Missouri Department of Higher Education and Workforce Development (DHEWD) to provide appropriate oversight of out-of-state public institutions offering postsecondary education to Missouri residents, as directed by Section 173.005.2(14), RSMo. The approved out-of-state institutions had increased significantly until 2016 but declined dramatically primarily due to Missouri's membership in the State Authorization Reciprocity Agreement (SARA), which allows out-of-state institutions who have joined SARA to be authorized to offer online education in all SARA-participating states without additional approval. However, some out-of-state public institutions that do not participate in SARA require DHEWD to authorize them to offer education in Missouri.

2a. Provide an activity measure(s) for the program.

Percent of initial applications meeting the standard. Out-of-state institutions' authorization to operate in Missouri is granted for one year only to ensure the quality of programs being offered. Out-of-state institutions are required to submit the following information to DHEWD yearly, for review and to receive authorization for the next year:

1. Good standing with their authorizing state agency: **100 percent of initial applications met the standard.**
2. Evidence of accreditation by a USDE recognized accrediting body: **100 percent of initial applications met the standard.**
3. The list of degree programs and projected number of Missouri residents enrolled: **100 percent of initial applications met the standard.**
4. Assurance from the institution that they are abiding by the CBHE Principles of Good Practice for Distance Learning and Web-based courses: **100 percent of initial applications met the standard.**

1b. What does this program do?

This program should serve the maximum number of eligible students possible, effectively monitor student eligibility, and timely disburse state student financial aid funds. This unit administered ten state student financial assistance programs that provided approximately \$149.4 million to more than 59,500 Missouri residents during FY 2023. The programs are administered through the FAMOUS database. FAMOUS houses the programs' application, eligibility, and payment information. FAMOUS is also the mechanism through which institutions certify student eligibility for the A+ Scholarship, Access Missouri Financial Assistance Program, Bright Flight Scholarship, the Dual Credit/Dual Enrollment Scholarship, and Fast Track Workforce Incentive Grant and DHEWD processes disbursements for the state student financial aid programs.

2. CORE DESCRIPTION

Data indicate the COVID-19 pandemic is a primary contributor to a decrease in filing the Free Application for Federal Student Aid (FAFSA) throughout the state over the last two years. FAFSA completion is often an indicator of college enrollment. The aid that is accessed through the FAFSA is the primary way many students pay for college since many financial aid programs (federal, state, and institutional) cannot be accessed without completing the FAFSA. Underserved populations in higher education need extra support to access and complete the form. DHEWD plans to increase partnerships with financial aid officers and counselors around Missouri to provide additional support and more access points to complete the FAFSA for high school seniors, current college students, and adults interested in enrolling in college. Increased FAFSA rates should result in increased enrollment and retention rates. Best practices, which were identified from other states in 2019, showed extra efforts are needed here in Missouri to increase filing rates. While the need for increased focus on FAFSA was an issue prior to the pandemic, the pandemic has substantively contributed to the decline in FAFSA filings.

Initially, DHEWD requested \$337,500 for a multi-year effort to address this need using ARPA funds. The Governor's recommendation was to provide \$75,000 per year in ongoing general revenue funding to help cover a variety of outreach strategies. These strategies include: 1) In-state travel for participating in local school district and other FAFSA events; 2) supplies for informational materials; 3) audio/Video charges for informational and outreach needs; 4) annual public relations services for Radio, TV and digital Public Service Announcements; and 5) other incentives for helping meet FAFSA goals.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Increased FAFSA filing contributes to DHEWD's two big goals of educational attainment and workforce participation by providing access and affordability to education and training options.

1b. What does this program do?

Provides additional resources and awareness to students about the free assistance available to complete the FAFSA, as well as the importance of completing the application. The FAFSA is the primary way many students pay for college and several financial aid programs cannot be accessed with completing the FAFSA. This program will target underserved populations. Partnering with financial aid officers and counselors around Missouri to provide incentives and more access points for high school seniors, current college students, and adults interested in enrolling in college, will increase enrollment and retention rates.

2a. Provide an activity measure(s) for the program.

Number of first-time FAFSA filers. 36,902
Number of FAFSA Frenzy events hosted. 283
Number of students attending FF events. 1,500

2b. Provide a measure(s) of the program's quality.

Number of FAFSA filers during FAFSA Frenzy events. 1,500

2c. Provide a measure(s) of the program's impact.

Number of first-time FAFSA filers. 36,902

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

2d. Provide a measure(s) of the program's efficiency.

Increase in filers versus amount spent. We saw an 3.1% (1,111) increase of first-time filers and spent \$45,000 on a marketing campaign aimed at getting more students to complete their FAFSA.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*New in FY 2023; no prior year data is available.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

No statutory requirement associated with this program.

6. Are there federal matching requirements? If yes, please explain.

No.

7. Is this a federally mandated program? If yes, please explain.

No.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In 2020, the Departments of Higher Education and Workforce Development (DHEWD) and Economic Development (DED) compared Missouri to 13 of its Midwest peers on a number of metrics to measure the state's economic health. They found that Missouri is ranked last in GDP growth, 12th in labor productivity, 11th in per capita income, 9th in job growth, and 8th in wage growth. Although Missouri is above the national average in high school graduation rates, we are below average in students transitioning into and persisting through college, making the state's adult population less educated than the national average. In addition, this situation is exacerbated by the fact that Missouri's workforce participation rate is declining. As a result, Missouri needs to strategically increase its workforce to grow its economy. MoExcels is one mechanism to accomplish that growth.

The application process for FY 2025 MoExcels started on May 4, 2023 when the call for proposals was released against a deadline of July 3rd. Staff from MDHEWD and the Department of Economic Development reviewed and scored the submitted proposals on August 14th and 15th. Institutions submitted a total of 22 requests for new funds for a total of \$49.4 million. One request was submitted too late to be reviewed and ranked in time for the CBHE meeting on September 13, 2023. Because that project is contingent on action by the local community, the scoring/ranking of the project will be delayed until those results are known. On September 13, 2023, the Coordinating Board of Higher Education approved the 22 requested and scored proposals.

One request was submitted too late to be reviewed and ranked in time for the CBHE meeting. This project is contingent on action by the local community, the scoring/ranking of the project will be delayed until those results are known.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Prior year expenditures were lower due to the COVID-19 pandemic, which precluded in-person conference travel and site visits. Additionally, the unit restructured in FY2021 creating a vacancy that went unfilled for several months. The unit has had difficulty attracting and retaining staff in one of the program positions resulting in four different individuals over the last three years. These events resulted in a substantial amount of unused appropriation authority as certain key work functions (site visits, conference participation) were curtailed.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

1a. What strategic priority does this program address?

Increase quality attainment

1b. What does this program do?

This program is the mechanism by which the DHEWD certifies and monitors compliance with state regulations regarding the operation of postsecondary institutions in Missouri to ensure students receive training consistent with the published objectives of their program of study. Program staff complete an annual review of all certified schools and, as staff and funding allows, conduct periodic site visits to instructional locations.

2a. Provide an activity measure(s) for the program.

Number of Site Visits to Certified Schools

There was continuous turnover in staff that precluded any site visits in FY 2023. The department will seek to fill a vacancy in FY 2024 that will include site visits as a core job function.

The purpose of the site visit is to verify institutions are operating per their published policies, to meet with students and faculty to discuss issues or concerns, to provide technical assistance to administrators, and to ensure student and institutional records are maintained per state regulations.

2b. Provide a measure(s) of the program's quality.

Average Calendar Days to Complete Initial Review of New Programs

Statutes require new program reviews to be completed within 90 days; if not reviewed during the timeframe, the school is allowed to begin enrollment until such time as a review is completed. Staff turnover in the last three years has increased overall time to initial review as new staff required training. Continued turnover is anticipated in both FY 2024 and FY 2025 as veteran staff retire, which may also impact the cycle time.

The purpose of new program reviews is to evaluate compliance with certification standards to ensure such programs support the stated purpose of the school, the program areas are generally accepted in American higher education as a legitimate area of study for degrees or are legitimate preparation and training for vocational or academic objectives. There were 149 new programs submitted by certified schools in FY 2023.

2d. Provide a measure(s) of the program's efficiency.

The purpose of the initial review process is to ensure new postsecondary providers meet minimum standards related to program quality, financial stability, instructor qualifications, and administrative policies. This measure tracks the time from receipt of the application to the department's initial review and response to the proposed school. Due to continued staffing issues, the department anticipates longer times to review for the next two years or until staff turnover stabilizes.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary School Closure

Core: Proprietary School Closure

1a. What strategic priority does this program address?

Increase quality attainment

1b. What does this program do?

The program acts as a clearinghouse for student transcripts from closed schools whose records are not otherwise maintained and administered by another school or approved records repository. Staff receive requests year-round for transcripts and must determine if the department holds those records or if the student must inquire elsewhere.

2a. Provide an activity measure(s) for the program.

Number of Official Student Transcripts Mailed

2b. Provide a measure(s) of the program's quality.

FY 2025 is the first year Proprietary School Closure is being reported separately from the Proprietary School Administration due to the requirements of the new MOVERS financial system. Therefore, we do not have measures in place regarding quality, impact, and/or efficiency, but will develop them for the next budget cycle and begin gathering the data.

2. CORE DESCRIPTION																			
This proposed Core Reduction , from \$400,000 to \$200,000, reflects that the majority of schools certified in Missouri hold security deposits far less than the maximum. DHEWD holds a security deposit from each of the approximately 158 main campuses certified to operate or certified to recruit pursuant to Sections 173.600 through 173.619, RSMo. The deposit is to indemnify students in cases of malfeasance by a proprietary school or to assist with preservation and administration of student records if adequate provisions are not made by the school upon closure. The security deposit from each proprietary school ranges from a minimum of \$5,000 to a maximum of \$100,000 as required by statute. This appropriation is necessary to ensure the authority to access those monies for indemnification and record preservation purposes in cases of malfeasance by a proprietary school.																			
The FY 2024 Core appropriation was \$400,000, this request is a reduction of \$200,000 in spending authority.

NOTES: All funds received from security deposits are paid to students in the form of partial tuition and fee refunds. In FY 2023, a recurring vacancy and unit restructuring precluded staff from completing the investigation and documentation necessary to make payout to former students of one school. The department expects to finalize payments to those students in FY 2024. While no schools are currently expected to close precipitously in FY 2025, adequate spending authority is requested to ensure the department can respond in a timely manner.

2. CORE DESCRIPTION

This request of \$115,000 is for membership dues in the Midwestern Higher Education Compact (MHEC). Pursuant to Section 173.700, RSMo, Missouri is a member of MHEC, a multi-state compact which is charged with promoting interstate cooperation and resource sharing in higher education, accomplishing this through four core functions: cost saving programs, reduced tuition, interstate reciprocity for distance education, and policy research. Missouri participates in the Midwest Student Exchange Program (MSEP) with other states allowing residents to participate in out-of-state instruction at no more than 150 percent of in-state tuition rates at public institutions. Private institutions offer a 10% reduction on their tuition rates. Missouri also benefits from its membership through participation in the State Authorization Reciprocity Agreement for distance education administered through MHEC. The commission is also active in forming joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance.

According to the most recent MHEC report, Missouri Highlights 2021-2022, Missouri colleges universities, school districts, and state and local governments realized more than \$6.94M in cost savings through the MHEC's contracts and programs, while Missouri citizens save nearly \$5.46M through the MSEP.

Program is found in the following core budget(s): Midwestern Higher Education Compact

1a. What strategic priority does this program address?

Affordability, Communication

1b. What does this program do?

This program pays Missouri's membership dues in the Midwestern Higher Education Compact (MHEC). The purpose of the compact is to provide greater higher education opportunities and services in the Midwestern region with the aim of furthering regional access to, research in, and choice of higher education for citizens residing in the states which are party to this compact. Membership allows Missouri to participate in the Midwest Student Exchange Program (MSEP), which allows residents to receive out-of-state instruction at no more than 150 percent of the in-state resident tuition rates at public institutions; private institutions offer a 10% reduction on their tuition rates. The membership offers joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance. Additionally, MHEC conducts research that is valuable to the state, and convenes member states to collectively address pressing issues in higher education.

According to the most recent summary report, Missouri Highlights 2021-2022, Missouri colleges universities, school districts, and state and local governments realized more than \$6.94M in cost savings through the MHEC's contracts and programs, while Missouri citizens save nearly \$5.46M through the Midwest Student Exchange Program (MSEP).

2a. Provide an activity measure(s) for the program.

DHEWD does not have direct influence on the measures contained below, which are somewhat dependent on other state membership in the Midwestern Higher Education Compact. Thus, base and stretch targets are not applicable.

2. CORE DESCRIPTION

This appropriation provides DHEWD with spending authority for receiving and expending donations and non-federal funds, provided that the General Assembly shall be notified of the source of any new funds and the purpose for which they shall be expended, in writing, prior to the expenditure of said funds and further provided that no funds shall be used to implement or support the Common Core Standards. For example in FY 2019, a grant was received from the Lumina Foundation to help the organization develop a new department vision through employee engagement efforts. A new vision was needed because of department restructuring. In FY 2020 and FY 2021, MOHELA provided grants to help the department market the Fast Track Workforce Incentive Grant.
